# BRIX PEACE MOUNTING

Brix tiles come with a peel-and-stick backing. The backing has excellent adhesion properties, and withstands aging, climate and temperature variation.

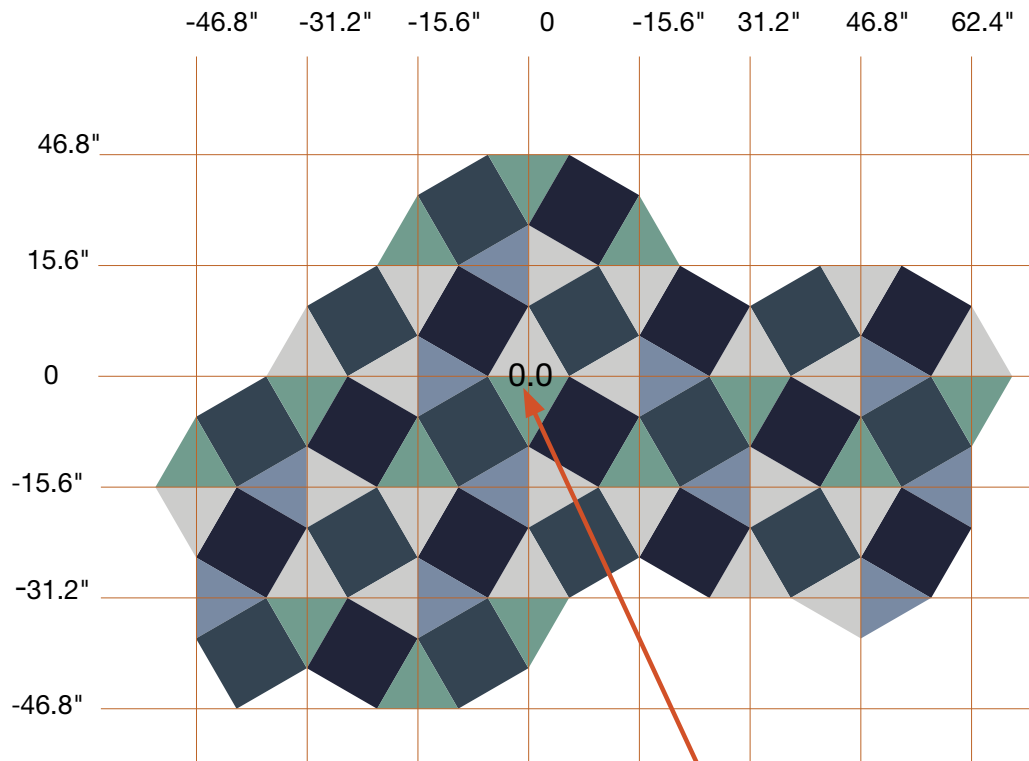

All substrates should be clean and contamination free, a solvent such as isopropyl alcohol is recommended for cleaning purposes.

Adhering the tile properly requires the tape backing should be applied with pressure.

Brix tiles are delivered with a rendering which displays the chosen design in the desired colors, with starting point and gridlines for mounting indicated.

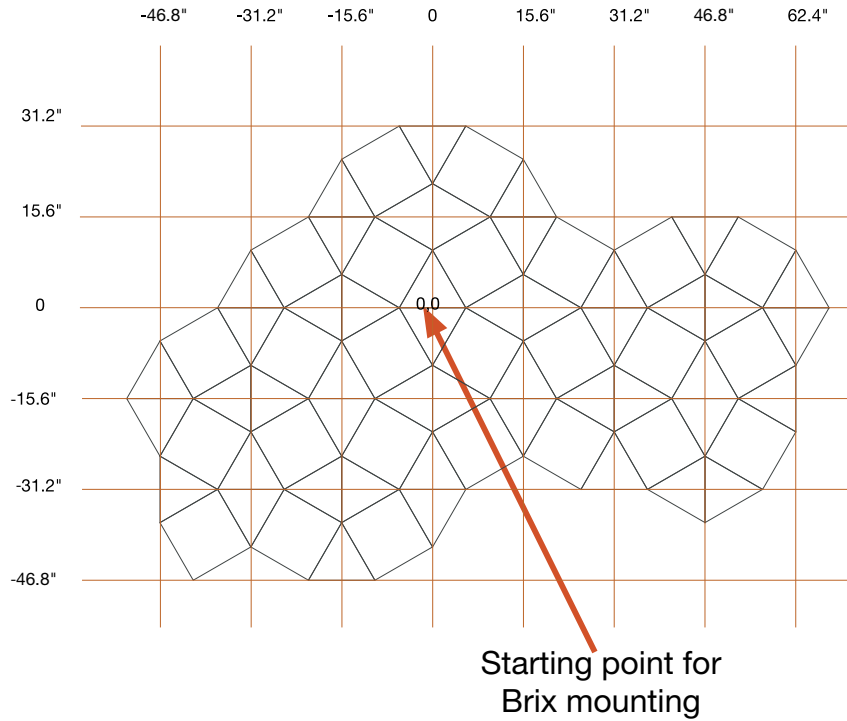

The example below shows a Brix design with the following dimensions: 121" (w) x 78" (h)

Starting point for  
Brix mounting

# BRIX PEACE MOUNTING

- Mark the starting point 0.0 on the wall
- Mark the guidelines on the wall, beginning at starting point 0.0
- The numbers on the guidelines show the distance from 0

- Stick the Brix tiles to the wall beginning at Starting point 0.0
- Continue sticking the next Brix tiles to the wall by following the guidelines and rendering of the design provided.
