Concave

Scala XL Convex or Concave modules for vertical mounting on a wall with concealed metal fittings.

When several modules are placed next to each other, it is important that each end of the pattern is completed by a "Right" and a "Left" module in order to produce a beautiful completion of the waveform. Between those only fit "Middle" modules as seen in the diagram to the right

Left   Middle   Middle   Right
The Scala XL "Single" version is used when installing individual modules as seen in the diagram to the right.
Please note that the Scala XL convex is ONLY available as a single module and may be installed without the need of a right, middle, or left module to complete the formation.

DESIGNER Anya Sebton

CONTENT

Core	100% Polyester
Frame	100% Molded Polyester
Base	100% Aluminum
Cover	Divina 100% New Wool
	Focus 100% NZ Wool
	Snow White 100% Polyester
	Soundfelt 100% PET (51% recycled)

DIMENSIONS Please refer to previous page for dimensional drawings

APPLICATION Wall

FLAMMABILITY
ASTM E84 Class C

ACOUSTIC
Concave NRC: 0.80
Convex NRC: 0.85

DESCRIPTION Scala XL is an enlarged version of Anya Sebton's influential sound-absorbent Scala. Scala XL is developed to improve the soundscape in large and noisy spaces such as assembly halls, auditoriums, lobbies, and shopping malls. Scala XL's interplay of shape and material has a powerful sound-absorbing effect.

PLEASE NOTE We recommend having a small gap between joins to keep panels in line. Scala Panels <u>CANNOT</u> be cut in the field.

**Designed for the Environment:** Scala is manufactured on the basis of technical, environmental and production ethical requirements. There are no emissions to air, water or land during the production of Scala.

- Low VOC
- California 01350 Emissions Compliant
- EPD
- HPD
- Published with mindful MATERIALS
- Declare Compliant
- No FR Additives
- No Conflict Minerals
- Red List Compliant
- Rapidly Renewable Content

Improved Sound Absorption: Scala XL Tile is ideal for high-frequency absorption.

SCALA XL CARE

Basic Care: To maintain the color and appearance of the fabric covering it should be vacuum cleaned regularly with a clean, soft, brush nozzle.

Polyester Stain Removal:
- Use colorless towel or a washcloth to absorb as much as possible of still-moist stain. Dried stains should be vacuumed.
- Wet the stain sparingly with a white pure cotton cloth, warm water and possibly a little pH-neutral cleaner.
- Dab the area with a dry cloth or colorless paper towel to absorb the moisture and stain.
- Repeat this process until the stain is gone.
- On the final repetition, use only clean water with no detergent added.
- Finish by dabbing

Wool Stain Removal:
Dab or wipe gently with a damp cloth.
