ACOUSTIC

NRC: 0.30 - 0.45
Depending on orientation and location. Please refer to graph on following page.

APPLICATION

Ceiling

DESCRIPTION

Holly acoustic lighting is sculptural and enigmatic. It plays with the contrasts between light, reflection, and shadows. Holly is available in two versions: a vertical one suitable for lobbies & other high-ceiling spaces, as well as in corners for increased acoustic effect; and a horizontal one that can be suspended over large tables in restaurants, bars, and workspaces.

Mounting: A simple bracket is mounted to the ceiling with a 19.7 foot wire and same sized electric cable included. The acoustic lamp has a metal stand that is painted black. The bracket with hardware, wire, and cable are all included. More information can be found on the installation + care document on unikavaev.com.

Lighting: Lamps included: E27, 500 Lumen, Kelvin 2700. Luminaire is dimmable. Please note that the DALI light control is not included and must be purchased separately from others.

CARE:

- Use colorless towel or a washcloth to absorb as much as possible of still-moist stain. Dried stains should be vacuumed.
- Wet the stain sparingly with a white pure cotton cloth, warm water and possibly a little pH-neutral cleaner.
- Dab the area with a dry cloth or colorless paper towel to absorb the moisture and stain.
- Repeat this process until the stain is gone.
- On the final repetition, use only clean water with no detergent added.
- Finish by dabbing up moisture with a dry cloth or paper towel.

Stain Removal: Dab or wipe gently with a moist cloth.

Environment:

- Rapidly Renewable Content
- Recycled Content
- No FR Additives
- No Conflict Minerals
- Red List Compliant
